

How can I add downloads/files to the Filebase

A tutorial on how to upload files to the Filebase

Who can add files to the Filebase?

Every user can add as many files as he/she likes to the files. Depending on the status of the user these will be either available right away or after they have been approved by a moderator.

How long does it take to get the downloads approved?

This is a private project so we cannot give you an exact time frame. We try to get them approved within 1-2 working days.

How do I upload files into the Filebase?

1. Go to the Filebase

4. Fill in every bit of information you can (Title, Tags, etc.). The more you fill in the better your preview picture is, the higher your download count will be

Select the correct category for your AddOn. You can select between types and leagues. Jerseys belong in the Jersey section, Graphics belong in the Graphics section etc.

If the category you need does not exist let us know.

5. Press "Submit" and the file is submitted.
